

Alyssa Rhodes, AS, BS, DFCA, GIME Senior Forensic Analyst at Vestige

Alyssa Rhodes joined Vestige Digital Investigations in 2018.

She first interned at Vestige during college. After graduation, she was hired as a Digital Evidence Specialist, promoted to Forensic Analyst in 2019, then promoted to Senior Forensic Analyst in 2022. In this role, she is responsible for

- Conducting forensic analysis on digital media as deemed appropriate by currently accepted standards.
- Conversing with clientele and conveying standards, procedures, and results of forensic analysis in an easy-to-understand manner.
- Testing new programs and methodologies for adaptability in the forensic environment.
- Experience with cases in fraud, employment relations, intellectual property theft, and criminal matters.
- Experience with the acquisition and analysis of Windows and Macintosh computers and servers, as well as Microsoft Sharepoint data.
- Experience with the acquisition and analysis of other digital storage media, such as CDs/DVDs, flash drives, and SD cards.
- Experience with the acquisition and analysis of Android and iOS mobile devices, as well as standard cell phones.

Alyssa is knowledgeable of both the technical and the legal aspects of Digital Forensic matters. To assure accurate outcomes, the Scientific Method of Testing is applied to each case. She works closely with clients throughout the forensic process and provides exceptional reporting. This includes memos, verbal report of findings, and written Expert Reports.

Alyssa earned an Associate Degree in Science, Information Technology from Pittsburgh Technical College in Oakdale, PA. She went on to earn a Bachelor of Science Degree in Computer Forensics and Digital Investigations at Champlain College in Burlington, VT. She also holds the certification as a Digital Forensic Certified Associate (DFCA) through the national Digital Forensics Certification Board. In July 2023 she went on to earn the SANS certificate for GIAC iOS and macOS Examiner (GIME) - a certified Forensic Analysis and Incident Response Examiner.
