

Dustin Mobley, AA, BCJ, CCP

Cybersecurity Analyst

Dustin Mobley joined Vestige in 2023 as a Cybersecurity Analyst. In this role he is responsible for conducting proactive Cybersecurity Services. This includes helping contracted organizations with Cybersecurity Assessments, Readiness, Vulnerability Scanning, External Penetration Testing, Compliance Audits and IT General Control Audits. He also actively works with DoD contractors and assisting with Cybersecurity Maturity Model Certification (CMMC).

Dustin resides in Cleveland, OH. He served in the U.S. Navy for five years where he earned a certificate of completion in Medical Education and Training Command and honorably served as a Hospital Corpsman. He continues to serve in the U.S. Navy Reserve.

He attended the University of Maryland University College where he earned an Associate of Arts degree in general studies. He went on to graduate from Tiffin University in Tiffin, OH, with a Bachelor of Science in Criminal Justice, majoring in Digital Forensics and minoring in Cybersecurity. The summer of 2022, Dustin interned at Vestige.

Dustin holds CompTIA Security+, eLearnSecurity Junior Penetration Testing (eJPT), U.S. Navy FLDC certifications, and is a Certified CMMC Professional (CCP).
