

About Vestige Digital Investigations

Who We Are

Established in 2004, Vestige Digital Investigations is a leading U.S. Electronic Evidence Experts company specializing in **Digital Forensics, CyberSecurity and ESI Consulting** solutions – both proactive and reactive.

What We Do

We serve our customers with timely and trusted investigations of **any digital devices** to resolve disputes and litigate claims. Example services include Non-Compete/Intellectual Property (IP) Theft, Data Breaches, White Collar Crime and E-Discovery. Vestige serves small, mid-size and large Fortune

500 corporations both nationally and internationally. We help professionals in the administrative, financial, fraud examination, human resources, information technology, insurance, law enforcement, legal and risk management fields make educated and informed decisions about access and preservation of digital information and its security.

What Sets Vestige Apart

Vestige is known and respected in the industry for:

- **Responsiveness**
- **Speed & Availability**
- **Reliability**
- **Knowledge**

Our Locations

Offering nationwide coverage, Vestige Digital Investigations is headquartered near Cleveland, OH, with additional offices in Columbus, OH and Pittsburgh, PA. Founded by forensically trained IT professionals and forensically trained trial attorneys, Vestige is led by co-founders Damon Hacker, President & CEO, and Greg Kelley, CTO -- pioneers in the Digital Evidence and CyberSecurity industry.
