

## Steve Naughton, BA, CMMC-RP CyberSecurity Manager

Steve Naughton joined Vestige in August 2022 as CyberSecurity Manager. In this role he is leading the charge of increasing Vestige's position in the cybersecurity arena, including expanding reach and capabilities, as well as managing and growing the team.

He brings to the position government, military, and business experience. Steve was formerly with the U.S. Secret Service as a Special Agent and conducted criminal investigations surrounding cyber and financial crimes. He honorably served in the U.S. Air Force as a Non-Commissioned Officer (NCO) and was deployed several times working in strategic/tactical operations. He is also the owner of three automated fitness related businesses.

Steve is a graduate of Notre Dame College in Euclid, OH, where he earned a Bachelor of Arts degree in Intelligence Analysis. His coursework included Arabic language and cultural studies. He is also a CMMC Registered Practitioner (CMMC-RP) for DoD cybersecurity compliance.
